§ 24.2-428.2. Return of registered voter to active status.

A registered voter shall be returned to active status from inactive status if, during the period beginning on the date the voter was assigned to inactive status and ending on the day of the second general election for federal office thereafter, the voter:

1. Notifies the general registrar of a change of address within the county or city;

The general registrar shall post at the courthouse or have published in a newspaper of general circulation in his county or city a list of names of persons whose registration has been cancelled pursuant to this section. He shall deliver or mail, obtaining a certificate of mailing, a certified copy of the list to the chairman of each political party in his county or city.
