Effective Immediately

In an effort to better serve our customers, the cutoff time to schedule next day inspections is being extended to 4:00pm. This is being done on a trial basis.

Inspections may be scheduled by calling the interactive voice response system (IVR) at 540-507-7087 or in person at our customer service counter. Please have your permit number and the three (3) digit inspection code available when you call and simply follow the prompts to schedule your inspection.

Please contact Ernie Deihl, Inspection Supervisor, at 540-507-7251 if you have any questions concerning building inspections or this policy change.
