FOR IMMEDIATE RELEASE FOR PUBLIC SERVICE ANNOUNCEMENTS

CONSTRUCTION TO BEGIN OCTOBER 25TH ON ROUTE 3 WIDENING

Spotsylvania, VA – October 21, 2010 – Henderson Construction Co., Inc. has notified Spotsylvania County government that, weather permitting, **October 25, 2010** will be the **start-up date** for construction on the American Recovery and Reinvestment Act (ARRA) federal stimulus project which will widen Plank Road, Primary Route 3, from Route 707 (Chewing Lane) to Route 627 (Gordon Road) -- **to six lanes**.

The first phase of the construction is in the area near Gordon Road. The Design-Builder, Henderson Construction Company, Inc., has developed a **July 19, 2012** completion date.

Construction and utility relocation will take place at the same time as right of way and easements are being acquired by Henderson's right of way subcontractor, Wilbur Smith and Associates. A Citizen Information Meeting and showing of the final construction plans will be scheduled.

The community is asked to please be mindful of the construction for your own safety, and for the safety of the crews working along the roadway. During the construction time, citizens can expect to see temporary alterations to traffic patterns in order for crews to perform the work, and so the community may wish to factor this into daily travel schedules.
