

Spotsylvania County Single Stream Recycling

What is Single-Stream Recycling?

Single-Stream Recycling allows residents the ease and convenience of placing all acceptable recyclable materials into a single hopper. This enhanced recycling program decreases the amount of trash generated and increases the diversion/recycling rate, saving valuable Landfill space.

Spotsylvania County is pleased to announce the implementation of Single Stream Recycling. Now you can mix all your recycling into one container - #1-7 Plastics, Glass Bottles & Jars, Juice & Milk Cartons Aluminum & Steel Cans, Junk Mail & Mixed Paper, and Flattened Cardboard.

NO PLASTIC BAGS, NO STYROFOAM and NO SORTING NEEDED.

If you have any questions or comments, please call the Public Works Department at 540-507-7725.
