BUILDING SAFETY DEPARTMENT

9019 OLD BATTLEFIELD BLVD STE 300, SPOTSYLVANIA VA 22553-2039 PH# 540-507-7222

LEDGER ATTACHMENT CERTIFICATION

Must be completed and provided to inspector at footing inspection

Approved 3rd party inspection agencies must submit this completed form to the Building Safety Department along with there footing inspection report.

Ledger board attachments to existing exterior wall shall be constructed per FIGURES A-D (see back) and the Spotsylvania County Typical Deck Details; otherwise a full plan submission is required or the deck must be free-standing. Ledger board fasteners shall be lag screws, thru-bolts, expansion anchors, or approved epoxy anchors. **The material intended to support the deck ledger must be exposed and verified by the inspector at the footing inspection when conditions 1, 2, or 3 are used. (A, 1"-1 1/2" hole must be drilled through manufactured rim boards to verify thickness. A ladder must be provided for the inspection when site conditions warrant one.**
